SPARTAN-GRAPPA-ASAS Educational Symposium on Axial Spondyloarthritis (SpA) and Psoriatic Arthritis (PsA)

Westin Waterfront Hotel
Ballroom C-E
425 Summer St.
Boston, MA 02210

Wednesday, November 19, 2014
1:00 – 4:30pm

Symposium Chairs:
Atul Deodhar, MD, Oregon Health & Science University and
Filip Van den Bosch, MD, University of Ghent, Belgium

This CME activity has been approved for 3 AMA PRA Category 1 Credits™

1:00pm Registration and Lunch
1:00-1:05pm Welcome and Introductions
Filip Van den Bosch, MD, University of Ghent, Belgium
1:05–1:20pm Pre-test (Quiz using audience response system)
Alexis Ogdie, MD, University of Pennsylvania
1:20 – 1:45pm Role of Gut Microbiome in SpA Pathogenesis
Dirk Elewaut, MD, University of Ghent, Belgium
1:45–2:10pm Year-in-Review in Spondyloarthritis
John Reveille, MD, University of Texas Health Science Center and
Atul Deodhar, MD, Oregon Health & Science University
2:10 – 2:35pm Treat-to-target Concept for Psoriatic Arthritis
Philip Helliwell, MD, University of Leeds, United Kingdom
2:35 – 3:00pm Osteoporosis and Osteoproliferation in AxSpA: Pathology, prevention and treatment
Lianne Gensler, MD, University of California, San Francisco
3:00 – 3:15pm Post-Test (Quiz using audience response system)
Alexis Ogdie, MD, University of Pennsylvania
3:15 – 4:00pm Break-out session: Hands-on Assessment of Axial SpA and PsA
Axial SpA and PsA Physical Exam: Spine, Enthesitis, Skin & Nails
Filip Van den Bosch, MD; Dirk Elewaut, MD, Percival Sampaio Barros, MD, University of Sao Paul, Brazil and Rafael Valle-Oñate, MD, Military Hospital, Bogota, Colombia

Learning Objectives
1) Discuss the recently published salient research articles in the field of axial spondyloarthritis (SpA) and psoriatic arthritis (PsA)
2) Describe the role of gut microbiome in the pathogenesis of axial spondyloarthritis
3) Discuss how the concept of ‘Treat-to-Target’ can be applied in the management of axial spondyloarthritis and psoriatic arthritis

Supported by an independent medical education grant from AbbVie.
